Mobilization Videos

Goal: $25,000 | Total Budget: $25,000

Summary: The church in Africa, Asia, and Latin America is moving from the mission field to the mission force. The CMM is producing videos that will educate and inspire the American and global church on what mission mobilization truly is, where missionaries come from, and tell the stories of mobilizers from around the globe who are championing the call of the Great Commission within their countries to see places like Nigeria, China, Kenya, Indonesia, and Peru as a mission force with incredible sending potential.

Expenses: The budget of $25,000 will go towards filming, travel, editing, and producing these story-telling videos.

Impact: Opening the eyes of Christians worldwide to see how God is calling His Church from every nation to take part in the Great Commission, and help the American church see new opportunities in international mobilization in aiding national mission sending movements.

Mobilization Resource Translations

Goal: $8,000 | Total Budget: $56,000 | Raised to date: $48,000

Summary: The Xplore and Go Mobilize small group studies are being downloaded and used in more than 50 countries. From previous editions, more than 8,000 print copies were used in China and Brazil, with thousands more distributed digitally. Translations for the latest version are underway in Arabic, Spanish, Portuguese, Chinese (Simplified), Chinese (Traditional), Amharic, French and Russian.

Expenses: It costs about $4,000 per translation for each study, including editing, design, and a small initial printing with free digital distribution. For eight translations of the two studies, the total cost is $56,000.

Impact: We have already seen incredible impact from these resources in multiple countries and languages. Creating these resources in the heart language of believers multiplies their effectiveness and reach.

Giving Information

All gifts are tax-deductible and can be made by check or by visiting: mobilization.org/give

Make checks payable to CMM and send to:
